FELLOW

gogunn.org | Washington, CT

The Frederick Gunn School, founded in 1850, is a co-ed boarding and day school for students in grades 9–12 as well as a post-graduate year. Mr. Gunn had a deep appreciation for the natural world, believing that in nature students understand themselves as humans and their place in the world. He took a principled stand against slavery and spurred students (and the town at large) to examine their beliefs. In addition to the habits and skills students will need in college and life beyond, we teach them to follow Mr. Gunn's example: to cultivate wisdom, to be trailblazers, to act with conviction, and to value character as highly as intellect and achievement.

Job Description:

The Frederick Gunn School seeks a Fellow to participate in the residential and co-curricular realms of school life. The fellow will coach a sport or help lead another co-curricular activity in each of the school's three terms – fall, winter and spring. In addition, the fellow will be a dorm parent in one of the school's dorms, entailing 1-2 nights of duty/week and 1-2 weekends/month. Other duties may include co-teaching a class or providing administrative support to one of the various administrative offices of the school. On campus housing is provided as part of this position. The Fellow position is a one-year position that could lead to further employment should it be a good fit for both parties.

Frederick Gunn School Core Values:

Integrated Humans

Thriving people learn to integrate the intellectual, the physical, the spiritual, and the emotional through an examination of the place of each, discernment about their relative role, and a commitment to balance and flourishing.

Hopeful Faculty

We prize faculty who believe resiliently, optimistically and with good humor in the students' and faculty's collective ability to grow and learn; know their discipline and practice, and understand character development. A faculty oriented around these principles will earn the confidence of students and create a place of purpose and fun where faculty and students want to be.

Learning Ecosystem

Thriving communities recognize the interdependent nature of their parts. Therefore, The Frederick Gunn School is a school that champions the interdisciplinary and inter-experiential nature of life and learning – one that incorporates the outdoors, athletics, and arts, as well as academics, into everyday life.

Moral Character Development

We are a school that nurtures Mr. Gunn's belief in character as the driving force in a life well-lived, and that character emerges through the intentional pursuit—in knowledge and practice—of what is good, right, true, sustainable, and beautiful.

Engaged Citizens

The Frederick Gunn School is a school that, despite growing cultural apathy, cynicism, consumerism and distraction, produces people who care deeply – who become wise, engaged, active citizens.
